

OCTANE BOOSTER

PRODUCT DESCRIPTION:

Octane Booster enhances the Research Octane Number (RON) of any base fuel it's added to, ensuring improved engine response and performance. It also contains injector-cleaning agents that prevent octane reduction and maintain fuel efficiency. Designed for all gasoline and gasoline/ethanol-blended fuels, Octane Booster additive helps offset poor fuel quality while being completely safe for turbocharged engines, oxygen sensors, and catalytic converters.

APPLICATION:

- All gasoline naturally aspirated engines
- Gasoline turbocharged engines
- Gasoline supercharged engines
- Racing and high-performance applications

FEATURES & BENEFITS:

- Increases Research Octane Number (RON) by 1–2 points
- Reduces engine knocking for smoother performance
- Suitable for all gasoline grades
- Enhances combustion efficiency and fuel economy
- Provides protection against corrosion
- Prevents injector deposit buildup
- Free from harmful alcohols
- Contains no environmentally harmful dyes
- Formulated with advanced MMT technology

DIRECTIONS FOR USE:

- Keep away from direct sunlight.
- Pour the entire bottle into the fuel tank.
- One bottle treats up to 20 gallons (75.7 liters) of fuel.
- Avoid contact with paint or fiberglass surfaces.
- Store unused product indoors at temperatures above 50°F (10°C).
- For racing applications: Use 2 bottles for every 10 gallons of fuel.

DISCLAIMER:

The test data mentioned above is not a definitive specification but serves as an indication and may fluctuate within acceptable production tolerances. Venom retains the right to alter this test data. Any updated information will replace previous versions, so please consult the latest Technical Data Sheet (TDS).

HEALTH & SAFETY, ENVIRONMENT:

Extended and repeated exposure to oil can lead to skin conditions. Please avoid contact. If you do come into contact with oil, wash the affected area immediately with soap and water. Do not dispose of used oil down drains or into the environment; instead, take it to an authorized used oil collection point.

HEALTH & SAFETY:

This product is unlikely to pose significant health or safety risks when used properly in the recommended application and with good personal hygiene practices. For more information, please refer to the Safety Data Sheet (SDS), which is available upon request from your local sales office.

PROTECT THE ENVIRONMENT:

Please take used oil to an authorized collection point and adhere to local regulations. Do not discharge it into drains, soil, or water.

STORAGE:

We recommend storing all packages in a covered area. If outdoor storage is necessary, drums should be positioned horizontally to prevent water ingress and protect the markings. Products should never be stored above 60°C or exposed to direct sunlight or freezing temperatures.
