

POWER STEERING FLUID

PRODUCT DESCRIPTION:

Power Steering Fluid is a fully synthetic oil specially designed for use in power steering and suspension units. It contains a unique combination of anti-shudder additives, dispersants and seal swell additives along with a specialized fully synthetic base oil to offer maximum wear protection, long service life and minimization of viscosity loss.

APPLICATION:

Power Steering Fluid is a premium synthetic fluid specially formulated for use in the power steering systems of all Honda vehicles, as well as Rover 416i, 825, and 827 models equipped with Honda power steering components. It is also suitable for high-performance applications in selected vehicles, including the Ford Tickford series, AU, BA & BF XR, FPV, and Territory SX-SY models. Its advanced synthetic base oils and optimized viscosity provide excellent wear protection, reduce pump wear, and help maintain consistent steering performance under high temperatures and heavy operating loads.

FEATURES & BENEFITS:

- Correct viscosity for Honda Power Steering units
- Compatible with OEM fluid
- Reduces power steering shudder (noise & chatter)
- Extends seal and hose life
- Multiple use power steering & suspension
- Long Service life
- Protects against rust and corrosion

PERFORMANCE LEVELS / MEETS OR EXCEEDS:

- Ford M2C134-C
- Ford M2C134-D
- Honda PSF-II
- Honda PSF-S
- Honda PSF-V

TYPICAL PROPERTIES:

PARAMETERS	ASTM	UNIT	POWER STEERING FLUID
KV@ 104°F /40°C	D7042	cSt	TBR
KV @ 212°F /100°C	D7042	cSt	11.7
Viscosity Index	D2270	-	140
Density@15°C	D4052	g/cm3	TBR
Flash Point (min)	D92	°C	200
Pour Point (max)	D97	°C	-42

DISCLAIMER:

The test data mentioned above is not a definitive specification but serves as an indication and may fluctuate within acceptable production tolerances. Venom retains the right to alter this test data. Any updated information will replace previous versions, so please consult the latest Technical Data Sheet (TDS).

HEALTH & SAFETY, ENVIRONMENT:

Extended and repeated exposure to oil can lead to skin conditions. Please avoid contact. If you do come into contact with oil, wash the affected area immediately with soap and water. Do not dispose of used oil down drains or into the environment; instead, take it to an authorized used oil collection point.

HEALTH & SAFETY:

This product is unlikely to pose significant health or safety risks when used properly in the recommended application and with good personal hygiene practices. For more information, please refer to the Safety Data Sheet (SDS), which is available upon request from your local sales office.

PROTECT THE ENVIRONMENT:

Please take used oil to an authorized collection point and adhere to local regulations. Do not discharge it into drains, soil, or water.

STORAGE:

We recommend storing all packages in a covered area. If outdoor storage is necessary, drums should be positioned horizontally to prevent water ingress and protect the markings. Products should never be stored above 60°C or exposed to direct sunlight or freezing temperatures.
